AGIP Elected Director Unit of Guangzhou's Enterprise Going Global Service Alliance, Shares Practical Overseas IP Strategies

AGIP Oman Highlights Role of IP in Sports at World IP Day Event

AGIP Champions IP for Innovation, Sports and Entrepreneurship on World Intellectual Property Day 2026

AGIP Shanghai Office Honored with "Benchmark Partner of Pudong Professional Services" by Pudong New Area Government

UAE Removes Requirement to Submit Registration Certificates for Trademark Post-Registration Actions

GUANGZHOU - Abu-Ghazaleh Intellectual Property (AGIP) China office was invited to the inaugural ceremony of the 2026 Intellectual Property Publicity Week Core Activity and Enterprise Going Global Service Alliance at Tian'an Energy Conservation Science and Technology Park in Guangzhou, and was elected as a Director Unit of the Alliance. As the only overseas intellectual property service organization invited, AGIP will join the core team advising Guangzhou IP Bureau on international IP services and supporting local enterprises expanding abroad.

AGIP's election as a Director Unit recognizes its professional strength and growing influence in global intellectual property services. AGIP brings years of hands-on experience helping Chinese companies establish and protect IP across the Middle East, Africa,

and Eurasia. At the ceremony's key round-table forum, "The Path of Collaborative Empowerment of Overseas Service Organizations for Enterprises Going Global," AGIP China's Head of Marketing, Ms. Joyce Choi, outlined practical methods to overcome cultural and regional regulatory barriers, and detailed approaches for overseas IP layout and localized compliance operations.

Ms. Choi's presentation emphasized actionable steps for enterprises and local authorities to reduce IP risks while pursuing international markets. She highlighted the importance of tailoring IP strategies, conducting early risk assessments, and building local partnerships to ensure enforcement and compliance across diverse jurisdictions. Her insights were well-received by Guangzhou IP Bureau officials, enterprise representatives, and other on-site guests, reinforcing AGIP's role as a trusted overseas partner for firms in the Greater Bay Area.

Looking ahead, AGIP plans to leverage its global network and technical expertise to deliver customized IP solutions to enterprises in Guangzhou and the Greater Bay Area. As a Director Unit of the Enterprise Going Global Service Alliance, AGIP will work closely with the Guangzhou IP Bureau and alliance members to support international expansion, provide training and resources, and help companies secure and enforce intellectual property rights in target markets.

### **AGIP Oman Highlights Role of IP in Sports at World IP Day Event**

MUSCAT – Following our participations in the world IP day, Abu-Ghazaleh Intellectual Property (AGIP) Oman office participated in a World Intellectual Property Day event organized by the Ministry of Commerce, Industry & Investment Promotion. The event, themed "IP and Sports: Ready, Set, Innovate," brought together government officials, industry leaders, legal experts, and sporting organizations to discuss the role of IP in supporting innovation, brand protection, and commercial growth in the sports sector.

The event provided practical and strategic insights on using IP in sports, such as trademark protection for teams and events, patenting sports-related technologies, safeguarding designs and copyrights for broadcast and digital content, and enforcing measures against counterfeiting and piracy. AGIP Oman shared their expertise on regional IP best practices and provided guidance on registering sports-related trademarks and patents in the Gulf and neighboring jurisdictions. Panel discussions and case studies highlighted the ways strong IP frameworks can help athletes, clubs, and equipment makers unlock new revenue streams while maintaining integrity and promoting fair competition.

## **AGIP Champions IP for Innovation, Sports and Entrepreneurship on World Intellectual Property Day 2026**

Abu-Ghazaleh Intellectual Property (AGIP) celebrated World Intellectual Property Day 2026 by reaffirming its leadership in shaping IP policy, protection, and commercialization across the Middle East and beyond. Emphasizing the role of intellectual property in driving innovation, economic growth, and sustainable development, AGIP highlighted recent initiatives that boost IP awareness and enforcement in emerging sectors, including sports and higher education.

AGIP reiterated its commitment to supporting knowledge-based economies by providing capacity building, thought leadership, and practical IP services that assist governments, enterprises, startups, and creators in protecting and monetizing their innovations.

As part of World IP Day activities, AGIP supported the second edition of a joint UAE initiative led by the UAE's Ministry of Economy and the Ministry of Sports to promote respect for intellectual property rights within the sports sector. The campaign's theme, "Respecting IP Rights as We Respect the Rules of the Game," drew a direct parallel between fair play on the field and respect for legal rights of it. AGIP's involvement provided focused guidance on protecting sports-related brands and athlete endorsements, addressing counterfeiting risks, and strengthening licensing frameworks that safeguard the revenue streams essential to clubs, federations, and individual athletes.

AGIP also advanced IP education through an awareness session at Amman Arab University in Jordan. Presented by Dr. Nida'a Goussous, senior legal counsel at AGIP, the session targeted entrepreneurs and university stakeholders and covered enhanced IP enforcement strategies and commercialization routes for intangible assets. Topics included practical steps for licensing, franchising, and forming strategic partnerships to turn innovations into marketable products and services. The session underlined the importance of early IP planning for startups and the value of IP literacy in university ecosystems that aim to spin research into economic impact.

By working with public authorities, sports bodies, universities, and private-sector innovators, we help create an environment where creativity can be protected, rewarded, and scaled, from the classroom to the stadium and into global markets.

## **AGIP Shanghai Office Honored with “Benchmark Partner of Pudong Professional Services” by Pudong New Area Government**

SHANGHAI - Abu-Ghazaleh Intellectual Property (AGIP) Shanghai Office was awarded the prestigious title of “Benchmark Partner of Pudong Professional Services” by the Pudong New Area Government at the Pudong New Area Intellectual Property Promotion Week special event held on April 23, 2026.

Under the guidance of the Shanghai Pudong New Area People’s Government and the Shanghai Intellectual Property Administration, the event, themed “Intellectual Property Safeguarding Enterprise’s Global Expansion and Stimulating Industrial Innovation Momentum,” took place in Shanghai’s Pudong New Area. The event received significant attention and was of high specification, with leaders from the regional intellectual property bureau, government, judicial bureau, universities and public security bureau. This fully demonstrates Pudong New Area’s high emphasis on intellectual property work and its commitment to supporting professional service institutions in driving enterprise innovation and development. The activity aims to implement the national strategy of building a strong intellectual property nation and Shanghai’s initiative to strengthen its IP capabilities, fostering a high-quality development environment for the IP sector and assisting enterprises in enhancing their overseas intellectual property risk response and innovation capabilities.

The award specifically recognizes AGIP’s outstanding contributions throughout 2025 in providing high-quality intellectual property services to enterprises in the region, particularly in facilitating their overseas expansion and effectively managing international IP risks. As the only intellectual property firm from the Middle East with a physical office in China, AGIP’s unique positioning has enabled it to bridge the Middle East, China, and international markets, delivering professional, cross-regional IP support that has yielded tangible results for Chinese enterprises “going global.” The Pudong New Area Government granted AGIP this benchmark honor in recognition of these significant achievements.

Mr. Webster Hou, In Charge of AGIP’s Shanghai Office, represented AGIP at the event and personally received the award. During the event, AGIP was honored alongside renowned foreign-invested intellectual property institutions such as Hogan Lovells Shanghai Office, as well as other leading IP agencies in the Shanghai region.

## **UAE Removes Requirement to Submit Registration Certificates for Trademark Post-Registration Actions**

DUBAI – In accordance with recent updates to the online filing system of the UAE Ministry of Economy, it has been noted that a copy of the trademark registration or previous renewal certificate is no longer required when filing certain post-registration actions.

This update appears to streamline procedures relating to renewals, assignments, licences, and the recordal of changes such as name, address, or mergers.
