**Talal Abu-Ghazaleh Digital Innovation Journal Holds its 1st Editorial Board Meeting**

AMMAN - The Talal Abu-Ghazaleh Digital Innovation Journal (TAG-DIJ) Editorial Board held its first meeting to finalize the procedures for the launch of the Journal as a specialized, peer-reviewed scholarly journal.

The launch of the Journal comes in line with the vision of HE Dr. Talal Abu-Ghazaleh, founder and chairman of Talal Abu-Ghazaleh Global Digital (TAG.GD), on the importance of enhancing scientific research and supporting digital innovation in the academic communities regionally and internationally.

During the meeting, the Board members reviewed the importance of the Journal, its academic mission and its role in serving as a reliable platform for publishing scientific research and specialized studies in various fields including digital innovation in

accordance with the highest internationally recognized scientific and refereeing standards and peer-review benchmarks. The attendees also discussed the editorial policies of the Journal, including peer-review working mechanisms and scheduled publication plans and strategies, in addition to examining the organizational and procedural dimensions of the Editorial Board and peer-review committees, to guarantee high-quality content and the continuity of academic distinction.

The Editorial Board includes elite of university professors and specialized researchers from various academic disciplines, ensuring the capacity to accommodate interdisciplinary and multidisciplinary research.

The members are: Professor Dr. Ahmad Battah, faculty member at the University of Jordan; Professor Dr. Arafat Awjan, vice president of the Royal Scientific Society; Professor Dr. Khaled Sartawi,

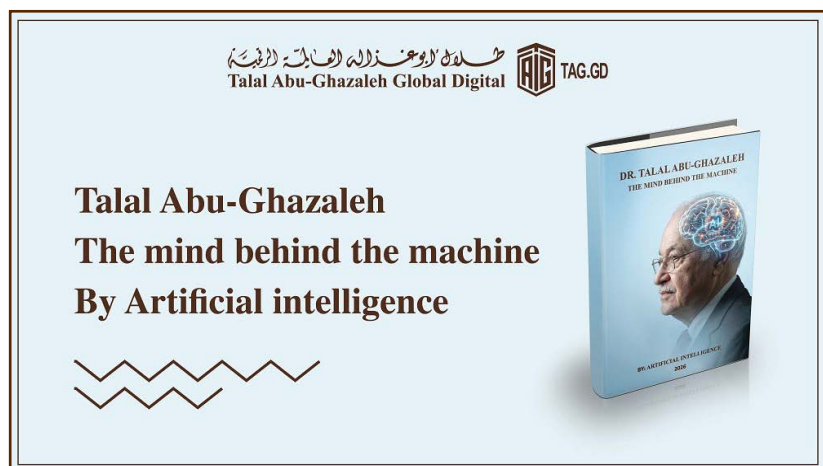

vice president of Philadelphia University; Professor Dr. Mahmoud Al-Qudah, faculty member at Princess Sumaya University for Technology; Professor Dr. Rabhi Alian, faculty member at the University of Jordan; Professor Dr. Ibrahim Al-Jarrah, head of the Department of Information Technology at the University of Jordan; and Professor Dr. Abeer Khoury, faculty member at Al-Ahliyya Amman University.

For her part, the Managing Editor of the Journal, Dr. Yasmin Al Shunnaq, stated that the first meeting represented a significant step in the establishment of the Journal, during which working mechanism, publication policies, and future plans were discussed and approved. She further stressed the Journal's commitment to maintaining a solid scholarly platform that supports research excellence, encourages innovation, and advances the Arab scientific research in line with international standards.

## When the Machine Learns from Humans: Reflections on Talal Abu-Ghazaleh's Philosophy on Ethical Intelligence

In “The Mind Behind the Machine” book, the most remarkable feature is the message generated by Artificial Intelligence (AI) regarding Dr. Talal Abu-Ghazaleh, summarizing what these advanced knowledge systems had learned about the mindset of the Founder and Chairman of Talal Abu-Ghazaleh Global Digital (TAG.GD). They highlighted

the “ethical engineering” company established that constitutes the by the prominent Arab foundation of every intellectual.

institution and Leading chatbots, in

the tech world, such as ChatGPT, Gemini, and Claude, referred to the ethical values that Dr. Abu-Ghazaleh has consistently promoted in Arab society through his various enterprises. The AI tools noted that these values were “beyond their original programming to fully comprehend,” underscoring that his companies and institutions were not only operationally effective, but also fundamentally ethical.

In this context, the AI also highlighted the Digital University founded by Dr. Abu-Ghazaleh, which

embodies a high ethical standard by delivering quality education to every individual worldwide. The Digital University reflects his vision, just as his dedication to intellectual property protection reflects his commitment to justice, sovereignty, and the encouragement of a culture of creativity and innovation.

The AI further underlined Dr. Abu-Ghazaleh’s remarks about business ethics as an operational necessity rather than a moral luxury; a principle that he firmly supported while serving on the

United Nations Global Compact concerning international corporate governance standards.

In fact, the impact of ethics on Dr. Abu-Ghazaleh’s work, as noted by AI, comes as no surprise to those familiar with his efforts and contributions. Initiatives such as All4Palestine, Talal Abu-Ghazaleh Digital Arabic Encyclopedia (TAGEPEDIA), Dr. Abu-Ghazaleh’s One Million Scholarships, and other projects he has launched serve as clear manifestations of his ethical vision in action.

## ‘Abu-Ghazaleh Global Digital’ and Lebanon-Based Koura Renaissance Foundation Sign Cooperation Agreement

BEIRUT – As part of promoting educational development, strengthening digital transformation, and empowering the youth, Chairman and Founder of Koura Renaissance Foundation (KRF), Mr. Hassan Sakr, and Mr. Burhan Al Ashkar, representative of HE Dr. Talal Abu-Ghazaleh for Culture and Media in Lebanon, inaugurated the Talal Abu-Ghazaleh Knowledge Station in Koura’s headquarters.

The two parties, furthermore, signed a cooperation agreement in the fields of training, digital learning, and capacity building, in the presence of prominent educational and social personalities, as well as local community representatives.

During the inauguration ceremony, Mr. Al Ashkar stated that establishing the Knowledge Station comes within the mission of TAG.GD aimed at spreading knowledge, enhancing quality learning, and providing training and capacity-building opportunities for the youth. This is in line with the rapid advancement of knowledge economy and digital transformation, and at the same time, to positively contribute to the preparation of generations equipped to address the challenges of the modern era. For his part, Mr. Saker stated that signing the agreement and the inauguration of the Knowledge Station represent a significant milestone toward advancing local development in Koura area, emphasizing the importance of institutional partnerships in creating modern learning environments that enhance youth opportunities for sustainable learning and support their integration into digital and professional learning programs.

Moreover, the two sides stressed that the agreement establishes a framework for long-term collaboration with the aim to carry out specialized education and training programs, organizing knowledge-based and digital activities that effectively contribute to raising awareness, sharpening skills, and fostering a culture of innovation in line with the best interests of the local community. For her part, the Knowledge Station Director, Dr. Marie-Lyne Mansi, pointed to the pivotal role the Station plays as an integrated and training platform dedicated to developing youth capacities in line with the demands of the modern era and rapid technological advancements.

It is worth mentioning that the inauguration of the Abu-Ghazaleh Knowledge Station in Koura represents a key milestone in advancing digital education and serves as a tangible demonstration of both institutions’ commitment to serving society, while reinforcing investment in knowledge as a core driver of comprehensive development.
