Talal Abu-Ghazaleh Tenders (TAG-Tenders) is one of the most promising member- firms of the Talal Abu-Ghazaleh Global (TAG.Global). TAG-Tenders offers a wide variety of expert and professional services in the field of tendering consultation, procurement, procurement training and procurement implementation and execution for optimal economic opportunities.

Our mission is to offer our clients a complete range of high-quality top professional services and contribute to the economic, social and cultural development of our economy in Jordan, the Arab region and worldwide.

We are managing to achieve this mission through interactive and interconnected levels. On the most basic, we seek to provide practical and effective solutions to the problems faced by our valued clients.

We do this through a more holistic basis, conducting internal brainstorming and strategy sessions with our best consultants, first addressing and identifying the issues at hand and then coming up with the solutions that need to be presented to the Arab business community and international clientele.

A Reading on 'The Mind Behind the Machine' Book: A Genius Beyond Algorithm

'The Mind Behind the Machine' is a unique book created by a revolutionary idea: posing a question to advanced and diverse Artificial Intelligence (AI) tools about the Arab thinker Dr. Talal Abu-Ghazaleh; his life and career journey, as well as his vision, asking chatbots such as ChatGPT, Gemini, and Claude to prepare a comprehensive analysis of their findings.

While these AI tools acknowledged in the book that they could not fully decode Dr. Abu-Ghazaleh's mindset, they tried to outline his general attributes; a Palestinian refugee boy who grew up to establish one of the world's largest knowledge empires, becoming one of the most influential figures shaping global societies.

Even after analyzing and reviewing vast archives of Dr. Abu-Ghazaleh's work, including publications, speeches, interviews, articles, and all available data, the AI repeatedly acknowledged its inability to fully understand his mindset or uncover the motivations behind many of his decisions. It concluded, each time, that Dr. Abu-Ghazaleh exemplifies the profound distinction between AI and human genius.

The book also highlights that ethical standards were

strongly present in all of Dr. Abu-Ghazaleh's work, often leaving AI tools unable to explain his decisions. Many of his choices "transcend algorithmic logic" and do not conform to profit-and-loss reasoning.

Finally, the book shows that no matter how advanced AI becomes, it remains limited when faced with exceptional and extraordinary human models. Dr. Abu-Ghazaleh serves as such a model, showing that the human mind cannot be fully confined within an algorithm.

'Abu-Ghazaleh for Technology' Develops TAG-Medical Tablet to Support Digital Transformation in Medical Universities

3

AMMAN - Talal Abu-Ghazaleh for Technology (TAGTech), a member of Talal Abu-Ghazaleh Global Digital (TAG.GD), continues exerting its efforts in advancing the TAG-Medical tablet, especially designed to meet the needs of medical students at universities.

The new specialized device will enable medical students to eliminate the use of printed textbooks to digital curricula, while also enabling them to sit for final exams electronically.

This initiative comes as part of ongoing efforts of HE Dr. Talal Abu-Ghazaleh, TAG.GD founder and chairman, in supporting digital transformation in the education sector.

In this regard, Dr. Abu-

Ghazaleh affirmed the importance of making a change in the traditional education system by shifting toward digital learning, which fosters students' creativity and innovation.

Talal Abu-Ghazaleh Digital Innovation Journal Holds its 1st Editorial Board Meeting

4

AMMAN - The Talal Abu-Ghazaleh Digital Innovation Journal (TAG-DIJ) Editorial Board held its first meeting to finalize the procedures for the launch of the Journal as a specialized, peer-reviewed scholarly journal.

The launch of the Journal comes in line with the vision of HE Dr. Talal Abu-Ghazaleh, founder and chairman of Talal Abu-Ghazaleh Global Digital (TAG.GD), on the importance of enhancing scientific research and supporting digital innovation in the academic communities

regionally and internationally.

During the meeting, the Board members reviewed the importance of the Journal, its academic mission and its role in serving as a reliable platform for publishing scientific research and specialized studies in various fields including digital innovation in accordance with the highest internationally recognized scientific and refereeing standards and peer-review benchmarks.

The attendees also discussed the editorial policies of the Journal, including peer-review working mechanisms and scheduled

publication plans and strategies, in addition to examining the organizational and procedural dimensions of the Editorial Board and peer-review committees, to guarantee high-quality content and the continuity of academic distinction.

The Editorial Board includes elite of university professors and specialized researchers from various academic disciplines, ensuring the capacity to accommodate interdisciplinary and multidisciplinary research.

The members are: Professor Dr. Ahmad Battah, faculty member at the University of Jordan; Professor Dr. Arafat Awjan, vice president of the Royal Scientific Society; Professor Dr. Khaled Sartawi, vice president of Philadelphia University; Professor Dr. Mahmoud Al-Qudah, faculty member at Princess

Sumaya University for Technology; Professor Dr. Rabhi Alian, faculty member at the University of Jordan; Professor Dr. Ibrahim Al-Jarrah, head of the Department of Information Technology at the University of Jordan; and Professor Dr. Abeer Khoury, faculty member at Al-Ahliyya Amman University.

For her part, the Managing Editor of the Journal, Dr. Yasmin Al Shunnaq, stated that the first meeting represented a significant step in the establishment of the Journal, during which working mechanism, publication policies, and future plans were discussed and approved. She further stressed the Journal's commitment to maintaining a solid scholarly platform that supports research excellence, encourages innovation, and advances the Arab scientific research in line with international standards.

Dr. Abu-Ghazaleh Receives Ambassador of Panama to Jordan, Officially Invited to Attend 2nd Latin America and Caribbean Economic Forum

AMMAN – HE Dr. Talal Abu-Ghazaleh, founder and chairman of Talal Abu-Ghazaleh Global Digital (TAG. GD), received in his office HE José Ulises Lescure, ambassador of Panama to Jordan, who conveyed an official invitation to participate in the 2nd edition of the International Economic Forum - 'Latin American and Caribbean in Panama. The Forum, organized by the Development Bank of Latin America and the Caribbean, will convene world leaders, decision-makers and experts from various countries around the world.

Dr. Abu-Ghazaleh welcomed the invitation to attend, expressing his acknowledgement of its importance, emphasizing that the

Forum serves as a strategic platform for dialogue on issues of sustainable growth, digital transformation, innovation, and the strengthening of regional economic integration.

He further highlighted the significance of the Forum's opening session, which will be jointly chaired by His Excellency José Raúl Mulino, president of Panama, and His Excellency Luiz Inácio Lula da Silva, president of Brazil.

During the meeting, Dr. Abu-Ghazaleh outlined his vision on launching the world's first Global Digital Polytechnic Institute dedicated to professionals worldwide. The Institute will be fully based on digital education, enabling remote enrollment, collaborating with internationally recognized universities, and providing accredited digital certifications.

He also stressed the need to establish an influential international

institutional framework that serves as a balancing force to existing global economic frameworks, contributing to the enhancement of emerging economies' impact and role in shaping the future of the global economy. At the end of the meeting, Dr. Abu-Ghazaleh emphasized that his participation in the Forum will be either through a representative or a recorded speech, in addition to providing the organizing body with a written paper reflecting his intellectual vision and key themes, which would effectively enhance the Arab contributions in the Forum's activities.
