About TAG-Value

As a member of TAG.Global, Abu-Ghazaleh Valuation (TAG-Value) is an international valuation and consulting firm with offices and associates spanning worldwide. TAG-Value's expertise covers a complete range of services that include Valuation, Due Diligence and Financial Modeling.

TAG-Value was established at a time when the valuation profession was still in its early stages of development in the Arab region. Since the early beginnings, TAG-Value has consistently been spearheading the efforts to develop the framework of valuation services worldwide.

TAG-Value has an impeccable record of assisting and supporting governments, public institutions and non-governmental organizations in raising the levels of awareness of the importance of business valuation and the valuation of intellectual property worldwide. We offer the business community an array of services aimed at delivering credible and tangible solutions, based on experience combined with sound judgment. Our team of professionals has extensive experience in providing efficient solutions to any situation that practically covers all business sectors.

Our Valuation Services

As the business environment is constantly changing, becoming more complex and sophisticated, businesses must be flexible and ready to adapt and respond promptly. Valuation is a crucial component of the management process that leads to understanding the underlying dynamics of your enterprise. Valuation is therefore essential for estimating the fair value of your business, financial assets or even liabilities.

TAG-Value offers the following Business Valuation services:

Securities Valuation Securities are negotiable and exchangeable instruments that represent a financial value, and they are categorized as either debt securities, such as bonds and debentures issued by governments and corporations, or equity securities, such as common and preferred stocks, which reflect a proof of partial ownership or right in a corporation.

TAG-Value provides the valuation of a broad range of securities, which include equity, equity and interest rate options, swaps, treasuries, corporate and government bonds, mortgage-backed securities, collateralized mortgage obligations, credit derivative swaps, and many more.

TAG-Value uses diagnostic tools for valuing securities, applying a series of mathematical relationships and financial models to determine the price at which a security should be exchanged.

Stock Valuation We apply sophisticated valuation techniques that can be used to find the fair value of stock options. These valuation techniques include:

- Monte Carlo simulations
- The Black-Scholes Models
- Lattice models, including the Binomial Options Pricing model.
- Synthetic option modeling

Tangible Asset Valuation Our team of experts works in conjunction with university professors and experts in various fields, along with licensed appraisers in order to value a wide range of tangible assets.

Our areas of expertise of valuing tangible assets include:

- Real Estate such as;
 - Residential sector: apartments, housing buildings, villas, condominiums.

Dr. Abu-Ghazaleh Receives Azerbaijan's Ambassador to Jordan, Affirms Readiness for Cooperation in Various Fields

AMMAN – HE Dr. Talal Abu-Ghazaleh, founder and chairman of Talal Abu-Ghazaleh Global Digital (TAG.GD), received in his office HE Mr. Shahin Shakir Abdullayev, ambassador of the Republic of Azerbaijan to Jordan, accompanied by the Embassy Counselor, Mr. Mehdi Abdullayev.

Dr. Abu-Ghazaleh welcomed the Ambassador, expressing his pride in the robust relations and ties between the two countries. He went on to affirm his readiness to provide all forms of cooperation that would further strengthen the ties of friendship and collaboration between Jordan and Azerbaijan.

During the meeting, the two sides discussed avenues

of cooperation in various cultural, educational and knowledge-based fields, especially in light of the ongoing digital and knowledge revolutions the world is experiencing today. They also discussed means of leveraging digital transformation to support the learning and knowledge dissemination.

For his part, Ambassador Abdullayev expressed his appreciation to Dr. Abu-

Ghazaleh, commending his unwavering and pioneering efforts and contributions in economic and digital learning field. He also praised the important role TAG.GD plays in supporting development and strengthening communication between institutions in both countries, affirming his aspiration for further fruitful cooperation in the future.

'Abu-Ghazaleh & Co. Consulting' and MCC MENA Consulting Sign MoU

AMMAN – Talal Abu-Ghazaleh & Co. Consulting (TAG-Consult), a member of Talal Abu-Ghazaleh Global Digital (TAG.GD), signed a Memorandum of Understanding (MoU) with the MCC MENA Consulting, in a strategic step to enhance bilateral cooperation in the healthcare and pharmaceutical sectors, and to advance pharmaceutical security at national and regional levels.

The MoU was signed by HE Dr. Talal Abu-Ghazaleh, TAG.GD founder and chairman, and MCC Representative, Dr. Mohammad Oqab Al Jawabreh. The signed Memorandum aims at establishing effective tripartite partnership that is capable of advancing innovative solutions and enhancing sustainability of pharmaceutical supply chains, in addition to collaborating in carrying out specialized consulting services tailored to the needs of the healthcare and pharmaceutical sector, including, strategic planning, governance, risk management, and institutional capacity building.

During the signing ceremony, the two parties affirmed the importance of such partnership in sharing scientific and consulting expertise and leveraging it to serve the public health priorities, as well as to support initiatives that enhance preparedness and resilience in addressing healthcare challenges. This is to effectively impact the healthcare services and the availability of medicines. This MoU comes within the framework of both sides' commitment to expanding institutional cooperation and establishing effective partnership models that positively contribute to achieving sustainable impact on the healthcare and pharmaceutical sector.

It is worth mentioning that TAG-Consult provides a comprehensive range of management consulting services, while MCC MENA Consulting is a specialized consulting firm owned by Al-Hayat Scientific Pharmaceutical Chemical Foundation.

Abu-Ghazaleh: Publication of the Arabic Version of the IPSAS 2024 Handbook

AMMAN – HE Dr. Talal Abu-Ghazaleh, chairman of the Arab Society of Certified Accountants (ASCA/Jordan), announced the release of the Arabic translated version of the International Public Sector Accounting Standards (IPSAS) 2024 Handbook. This step aims to support the development of accounting practices in the public sector and enhance access to international standards in Arabic.

This publication serves as a comprehensive professional guide that includes the full set of pronouncements issued by the International Public Sector Accounting Standards Board (IPSASB) related to financial reporting. It reflects the latest global developments in the field and contributes to enhancing transparency and the quality of financial reporting in government entities.

Dr. Abu-Ghazaleh noted that the new edition incorporates newly adopted standards issued by the IPSAS Board, including:

- IPSAS (44): Non-current Assets Held for Sale and Discontinued Operations
- IPSAS (45): Property, Plant, and Equipment
- IPSAS (46): Measurement
- IPSAS (47): Revenue
- IPSAS (48): Transfer Expenses
- IPSAS (49): Retirement Benefit Plans
- Reporting Sustainability Program Information – Amendments to Recommended Practice Guidelines 1 and 3: Additional Non-Authoritative Guidance (issued May 2023)

These standards are effective from the dates specified within each standard and have resulted in consequential amendments to other related standards, which come into effect as defined therein.

The Handbook is designed for accountants, auditors, and professionals working in government entities, as well as academics and researchers. It provides an integrated reference that enhances the quality of financial reporting and supports informed decision-making based on accurate and reliable information.

It is worth noting that the Society seeks to advance the fields of accounting and management, along with their related principles applied across various professional services. It also aims to elevate the level of competence, practice, and professional conduct to the highest standards through its focus on accounting publications and continuous updates in the accounting and auditing professions.
